140 years beneath the dome

Since 1886, Cirkusbygningen has been the setting for unforgettable experiences, strong emotions, and magical moments.

For 140 years, audiences have made their way beneath the iconic dome to be entertained, surprised, and inspired. Generations have laughed, applauded, raised their glasses, and created memories here. And while both Copenhagen and Cirkusbygningen have changed with the times, one thing has remained the same:

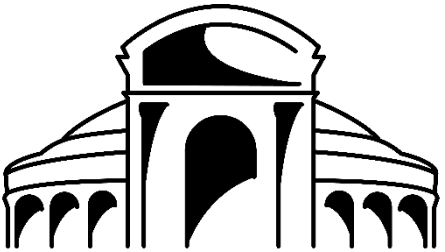

We are still a place where people come together for something special.

Today, the story continues with Wallmans Dinnerparty, concerts, comedy, events, and grand celebrations – always with the ambition of creating evenings that stay with you a little longer.

So, when you raise your glass tonight, you're not just toasting to a great evening.

You're also becoming a small part of a story that has been 140 years in the making.

Welcome beneath the dome –
and here's to the next 140 years.
